

AYUSH KUMAR SINGH

Dehradun, Uttarakhand | ayushxsingh.work@gmail.com | +91 62837 98567 | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Computer Science undergraduate at UPES with hands-on experience contributing to production software through internships and independent projects. Strong foundation in Java, Data Structures & Algorithms, OOP, DBMS, Operating Systems, and Computer Networks. Experienced with Next.js, React, TypeScript, REST APIs, PostgreSQL, and Git, with interests in backend engineering, distributed systems, and building reliable, scalable software.

TECHNICAL SKILLS

Languages: Java, Python, C, SQL, JavaScript, TypeScript

Frameworks & Technologies: Next.js, React.js, REST APIs

Database: MySQL, PostgreSQL, MongoDB, Supabase

Cloud & DevOps: Google Cloud Platform, Oracle Cloud Infrastructure Foundations, Git, GitHub

PROFESSIONAL EXPERIENCE

Website Development Intern | Crobstacle Ventures LLP

June 2026 - August 2026

Dehradun, India

- Developed and maintained production web applications using Next.js, React, TypeScript, PostgreSQL, and Tailwind CSS.
- Diagnosed and resolved frontend, backend, and performance issues to improve application reliability and responsiveness.
- Collaborated with cross-functional teams through Git-based workflows to develop features and resolve production issues.

Frontend Development Intern | AAS Welfare Society

June 2025 - July 2025

Punjab, India

- Developed mobile-first, responsive user interfaces with accessible layouts and cross-browser compatibility.
- Implemented validated contact and volunteer registration workflows, improving usability and simplifying user interactions.

PROJECTS

VeyloPrep | [GitHub](#)

June 2026

Next.js · TypeScript · PostgreSQL · Capacitor

- Built a cross-platform career and placement management application for tracking applications, opportunities, deadlines, and career resources.
- Designed modular application workflows and integrated persistent data management across multiple career-management features.
- Extended the web application to Android using Capacitor, implementing native packaging and a signed release build.

Engineered.dev | [GitHub](#)

June 2026

Next JS, React JS, Firebase

- Built a developer-focused technical publication platform covering cloud computing, backend engineering, system design, and software architecture.
- Implemented responsive interfaces, SEO optimisation, and dynamic content management using Next.js and Payload CMS.

Split-Sync | [GitHub](#)

June 2026

Next.js · React · Supabase · Tailwind CSS

- Built a full-stack expense-sharing application for managing group expenses, balances, and settlements.
- Implemented secure authentication, real-time database operations, and persistent data management using Supabase.

CERTIFICATIONS & ACHIEVEMENTS

- Google Cloud Study Jams 2025** | On completing 20 Google Skill Boost Badges
- Oracle Cloud Infrastructure Foundations Associate** - Oracle Corporation
- Business Etiquette: Master Communication and Soft Skills** - The University of Queensland

EDUCATION

B.Tech in Computer Science

2024 - 2028

University of Petroleum and Energy Studies, Dehradun | CGPA: 8.42 / 10
